Relationships and Sex Education Policy

<u>Approval Date</u>	22 nd September 2022
<u>Policy Review Date</u>	September 2023
<u>Chair of Governors</u>	<i>Laches.</i>
<u>Headteacher</u>	<i>ER</i>

1. Aims

The aims of relationships and sex education (RSE) at our school are to:

- Provide a framework in which sensitive discussions can take place
- Prepare pupils for puberty, and give them an understanding of sexual development and the importance of health and hygiene
- Help pupils develop feelings of self-respect, confidence and empathy
- Create a positive culture around issues of sexuality and relationships
- Teach pupils the correct vocabulary to describe themselves and their bodies

2. Statutory Requirements

As a maintained secondary school we must provide RSE to all pupils as per the Department for Education document, *Relationships Education, Relationships and Sex Education (RSE) and Health Education* (September 2021). At Cansfield High School we teach RSE as set out in this policy.

NB: At the point of approval, this document is currently under further review, involving consultation with parents. It is expected that the policy will be the subject of further discussion and approval following this in subsequent Governor's meetings in the academic year 2021-22.

3. Policy Development

This policy has been developed in consultation with staff, pupils and parents. The consultation and policy development process involved the following steps:

- Review – all relevant information has been collated, including relevant national and local guidance
- Staff consultation – key school staff were given the opportunity to look at the policy and make recommendations
- Parent / stakeholder consultation – members of the Parent Advisory Board were consulted about their views about what should be included in the policy
- Pupil consultation – members of the Headteacher's Council discussed what they wanted from RSE while at school
- Ratification – once amendments were made, the policy was shared with Governors and ratified

4. Definition

RSE is about the emotional, social and cultural development of pupils, and involves learning about relationships, sexual health, sexuality, healthy lifestyles, diversity and personal identity. RSE involves a combination of sharing information, and exploring issues and values. RSE is not about the promotion of sexual activity.

5. Curriculum

Our curriculum is set out as per Appendix 1 but we may need to adapt it as and when necessary. We have developed the curriculum in consultation with parents, pupils and staff, taking into account the age, needs and feelings of pupils. If pupils ask questions outside the scope of this policy, teachers will respond in an appropriate manner so they are fully informed and do not seek answers online.

6. Delivery of RSE

RSE is taught within Life Studies timetabled lessons in Key Stage 3 and during drop-down days in Key Stage 4. For the latter, we have a clear approach to ensure that students who miss a particular day due to illness cover the material missed. Biological aspects of RSE are taught within the science curriculum, and other aspects are included in Religion and Worldviews lessons.

Pupils also receive stand-alone sex education sessions delivered by a trained health professional.

RSE focuses on giving young people the information they need to help them develop healthy, nurturing relationships of all kinds including:

- Families
- Respectful relationships, including friendships
- Online and media
- Being safe
- Intimate and sexual relationships, including sexual health

These areas of learning are taught within the context of family life, taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents and foster parents / carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

For more information about our RSE curriculum, see Appendices 1 and 2.

7. Roles and Responsibilities

7.1 The Governing Board

The Governing Board will approve the Relationships and Sex Education Policy, and hold the Headteacher to account for its implementation.

7.2 The Headteacher

The Headteacher is responsible for ensuring that RSE is taught consistently across the school, and for managing requests to withdraw pupils from non-statutory components of RSE (see section 8).

7.3 Staff

Staff are responsible for:

- Delivering RSE in a sensitive way
- Modelling positive attitudes to RSE
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from the non-statutory components of RSE

Staff do not have the right to opt out of teaching RSE. Staff who have concerns about teaching RSE are encouraged to discuss this with the Headteacher.

7.4 Pupils

Pupils are expected to engage fully in RSE and, when discussing issues related to RSE, treat others with respect and sensitivity.

8. Parents' Right to Withdraw

Parents' have the right to withdraw their children from the non-statutory components of sex education within RSE up to and until 3 terms before the child turns 16. After this point, if the child wishes to receive sex education rather than being withdrawn, the school will arrange this. Requests for withdrawal should be put in writing using the form found in Appendix 3 of this policy and addressed to the Headteacher. A copy of

withdrawal requests will be placed in the pupil's educational record. The Headteacher will discuss the request with parents and take appropriate action. Alternative work will be given to pupils who are withdrawn from sex education.

9. Training

Staff are trained on the delivery of RSE as part of their induction and it is included in our continuing professional development calendar. The Headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RSE.

10. Monitoring Arrangements

The delivery of RSE is monitored by Dr Baker, Headteacher through a variety of activities such as meetings with the team delivering RSE to discuss plans, learning walks and student interviews.

Pupils' development in RSE is monitored by class teachers as part of our internal assessment systems.

This policy will be reviewed by Dr Baker, Headteacher, every two years. At every review, the policy will be approved by the Governing Board.
