

14th February 2025

Good afternoon,

We want to take a moment to acknowledge the incredible effort and dedication that Year 11 students have shown over the past two weeks. Their hard work has been truly commendable!

As they continue their journey towards their exams, the resilience they have developed will be invaluable in managing challenges, both now and in the future. To further support them, we are providing access to an online platform called *Positively You*. This resource is designed to assist with revision techniques, managing exam stress, and building personal resilience.

Students can access the platform using the following details:

<https://hub.positivelyyou.org.uk/login-page/>

Username: PosYouHub

Password: AppleTree88

We encourage you to discuss this resource with your child and support them in making use of the strategies available to enhance both their well-being and academic success.

Thank you

Best regards

Mr S Dobinson

Assistant Headteacher
