

November 2024

Dear parent or carer

Our school is using the Reading Plus program to help your student become a better reader.

Reading Plus helps students develop the skills they need to be proficient readers and lifelong learners. Through regular Reading Plus practice, reading will become easier, comprehension will increase, and your student will make meaningful connections between reading and learning.

To learn more about Reading Plus, visit [www.readingplus.com](http://www.readingplus.com).

Your student can complete Reading Plus assignments outside of school on a computer or tablet with Internet access. Assignments in each component can be completed in any order, but please remind your student that Reading lessons are the most important assignments. The program will keep track of assignments completed each week as well as your student's progress toward the overall lesson goals. We would highly recommend that students complete at least 2 x 20 minute reading lessons at home, to compliment the lessons taking place in their dedicated Reading lesson.

#### **How to log on:**

**Step 1:** Go to [login.readingplus.com](http://login.readingplus.com).

**Step 2:** Press the Student Login button.

**Step 3:** Enter Site Code: RPCANSF

**Step 4:** Type Username: This will be the student's first name and initial of their surname  
In the event that the username has already been taken, we will use their full first name and surname.

**Step 5:** Type Password: If the student cannot remember this, then their English teacher can access it.

Parents/ carers can access more information about how to support the student on the families section of their dashboard.
