

24<sup>th</sup> April 2026

Dear parents and carers,

Firstly, I would like to thank you sincerely for all of your continued support as we approach this important period for our Year 11 students. The recent Art and Photography examinations were a great success; students were engaged throughout, and we are extremely proud of the focus, maturity and commitment they demonstrated.

The written exam series is now quickly approaching and will begin on Friday 1st May. Exam timetables have been issued to students and have also been emailed to parents and carers. We ask that you please ensure students arrive at school on time on all examination days. If there is an emergency and a student is likely to be late, please contact the school as soon as possible so that we can provide appropriate guidance.

Please be aware that for students sitting afternoon examinations, these may finish after the end of the normal school day. This applies to some students who have access arrangements such as extra time, or where they are entered for a higher tier paper. We ask that parents and carers refer carefully to individual student exam timetables on these days.

Due to the start of the written examinations, we have adjusted the revision timetable to ensure students can access additional revision sessions closer to their exam dates. Please see the updated provisional timetable for the remainder of this half term. Please note, any changes will be communicated via a text message. Details of the remaining revision sessions will be shared shortly. Please note that these sessions should complement, not replace, independent revision at home.
